Graduate Architect

Scope Design Systems- Nairobi-Kenya | <https://scopedesigns.co.ke/>
2019-2021

Contributed to conceptualizing ideas and took part in the development of design concepts by modelling multiple iterations. I created and produced presentation drawings, architectural renders, and working drawings. I designed, managed contract administration, supervised, and satisfactorily handed over the project.

Graduate Teaching Assistant

University of Nairobi
2020-2021

Co-tutored 2nd-year design studio. Prepared and delivered construction technology study notes for the 3rd year. Gave lessons on various CAD softwares including SketchUp, Archicad & Autocad
